## Reggie Kelly

Reggie Kelly is the Founder & Owner of KYVAN Foods. The four most important things to him begin with "F"...Faith, Family, Food. The fourth is Football, but not only from the standpoint of a fan, he enjoyed playing 13 years in the NFL with the Cincinnati Bengals and Atlanta Falcons. Several years ago, Reggie began planning for his career after the NFL by creating KYVAN Foods..a line of innovative, soul-stirring sauces and seasonings. While food products are at the core of the KYVAN brand, promoting togetherness for family and friends through shared meals is central their vision.

Reggie loves giving back to the community and helping kids is his passion. He volunteers as a football and basketball coach for 11 & 12 year old boys where he teaches them how to excel on and off the field through hard work and integrity.

Reggie's motto is simple yet affective: "If you do the little things right, the big things will follow!"
